Re: Approval of a Maintenance Policy Manual (MPM) supplement (component rated only)

Dear Sir:

Following a review of the elements contained in the referenced MPM supplement against the requirements of the current Agreement on Civil Aviation Safety between Canada and the European Union (EU), Transport Canada hereby confirms approval of your MPM supplement. Compliance with your MPM and this supplement allows for acceptance by the European Aviation Safety Agency (EASA) of maintenance performed on EU aeronautical products (component only) under the jurisdiction of EASA. This Approval does not exceed the scope of your current TCCA CAR 573 certificate.

Bristow Instruments (1977) Ltd.

EASA Part-145 Approval Reference number: EASA.145.7175 valid until surrendered, superseded or revoked.

Your MPM supplement reference: Revision 5 dated Feb. 2016 is hereby approved by Transport Canada.

Regards,

Bryan Nelson
Civil Aviation Safety Inspector – Airworthiness
Prairie Northern Region
For the Minister of Transport

APPROVAL CERTIFICATE

REFERENCE EASA.145.7175

Taking into account the provisions of Article 9(2) of Regulation(EC) 1592/2002 of the European Parliament and of the Council and the bilateral agreements currently in force between European Union Member States and TCCA, the European Aviation Safety Agency (EASA) hereby certifies:

BRISTOW INSTRUMENTS (1977) Ltd

TCCA AMO: 204-92

180 Portage Close
Sherwood Park, Alberta
Canada T8H 2R6

as a Part-145 maintenance organisation approved to maintain the products listed in the TCCA Approval Certificate and associated Category Limitations Document and to issue related certificates of release to service using the above reference, subject to the following conditions:

1. The scope of the approval is limited to that specified on the TCCA Approval Certificate, and the associated category limitations documents for work carried out in Canada. (Unless otherwise agreed in a particular case by EASA).
2. This approval requires continued compliance with CAR 573 and the differences as specified in the Technical Arrangement for Maintenance, including the use of the TCCA Form 24-0078 for release/return to service of components up to and including powerplants.
3. Certificates of return to service must quote the EASA Part 145 approval reference number quoted above and the TCCA AMO number.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid for an unlimited duration until the approval is surrendered, superseded, suspended or revoked.

Date of issue **01 January 2007**

Signed

For EASA
